Notes

Habitat code: 8130 Region code: ALP

Field label	Note	User
2.4.1 Surface area	Sulla base dei dati acquisiti dalle singole regioni si nota una sostanziale sottostima della presenza di questo habitat per tutte le regioni alpine. In alcuni casi (Valle d'Aosta in primis) è molto probabile che l'habitat sia stato ignorato e conglobato in 8110. In altri casi, invece, i dati forniti si riferiscono esclusivamente ai SIC, mentre 8130 è sicuramente più esteso e ben rappresentato anche nel resto del territorio. Eventuali indicazioni, a vario titolo, dell'habitat 8160 sono erronee e da trasferire senza indugi a 8130.	ISPRA_habitat
